

Testimonials for John Di Domenico

"John is the absolute best at what he does, if he's hosting as himself or one of his many funny characters he is always a hit. John has been part of our national meeting for the last six years. We wouldn't have a meeting without him, he's that good!"

Margie Ford, Event & Travel Coordinator, Maaco Enterprises, Inc

"We are looking forward to having John back at our Summer Sales Conference. John has appeared as Donald Trump, Austin Powers and Dr. Phil at past meetings and has been a huge success. John's characters educate and inform the franchisees while being very entertaining. John has already shot a number of hilarious videos for the meeting and we're excited to have him live and in person in Las Vegas. Most importantly John gives fully in time and commitment to making each event with CertaPro bang on in terms of messaging and entertainment value. We are thrilled to have him back again and will be sure to keep involved in future events as well."

Mike Stone, Regional Vice President, East Division, CertaPro Painters

*"On behalf of **The WOW Factory** and our client **Carpet One**, thank you for an outstanding job! Your performance carried the entire event. Your impersonations of [Donald Trump](#), [Austin Powers](#), Wayne from Wayne's World and [Ozzy Osbourne](#) were the hit of the meeting. Your scripts nailed the key information that had to be communicated and the characters were dead-on funny. You have exceeded our expectations and we look forward to working with you again soon."*

David Carr, President/Executive Producer, The WOW Factory

"John utilized his amazing comedic talents at our national sales meeting to drive content, educate our attendees and make us laugh while learning important product information. His [Donald Trump](#), [Dr. Phil](#) and [Austin Powers](#) impersonations were spot on. Some people thought he was the real thing and most people couldn't tell they were all the same guy. John is a skilled professional and worked directly with us to craft scripts that integrated the 'take away' content that needed to be communicated. During our Dr. Phil segment of our show he was able to rearrange the script on the fly and integrate attendees into the performance. We wanted our people involved and he did it beautifully."

He knocked the ball out of the park and we plan to have him back next year."

John Di Domenico was absolutely the PERFECT dinner speaker for our recent Regional Owner's meeting. He was completely in character for each of the four roles he suggested for our group. As Austin Powers, he totally won them over and we loved how he had every one engaged. As Columbo he had us all laughing and looking for the right answer. As our anonymous French Executive who was taking over the company, John really had them guessing and when he finished the evening off as Donald Trump – well, he really make the event a fantastic success. What impressed me the most was how detailed John was in his pre-program research of our company and how he seamlessly brought it all together. Through the process of preparing for the session John was fabulous to work with in every way – he did his homework, was quick to respond, was proactive in keeping us updated and overall was extremely professional. I would not change a single thing about the experience from start to finish. John was just absolutely perfect for our group and I'd give him a rating of 100 on a scale of 1 to 10! If you would like to fully engage your franchisees with fun, surprise and content rich, system specific humor, John Di Domenico is the one!
