

## **Robyn Benincasa Testimonials**

"I've been in organizational development/sales management for 20 years and have seen hundreds of speakers. You TRULY are the best of the best!"

"I recently attended your inspirational speech Why Winners Win at the IHR conference in Orlando. I have not stopped thinking about how I can incorporate your ideas not only into my work life, but also into my own personal running goals. Your examples of encountering road blocks but continuing to pick yourself back up have inspired me to keep going whether it's dealing with a difficult client at work or struggling with my 1/2 marathon training. I am so grateful to have attended your speech and I want you to know sincerely how much it meant to me! Rock on sister! "

"I have known Robyn Benincasa for a number of years, and have utilized her talents as both a speaker, as well as a leader of team oriented events. While the SVP for the Western U.S. for Starbucks Coffee, I selected her as both the lead speaker, as well as the team leader, for our annual Store Manager Leadership Conference, held in Tacoma, Washington. The event was an overwhelming success. In fact, 6 years later, they are still talking about the key learnings, the fun, and the excitement of working together as a team. She also addressed the national Leadership Conference for Starbucks Coffee, speaking to about a 1000 attendees, including the Board of Directors, Howard Schultz, the founder, as well as the senior leadership team, the corporate office, and the entire field organization for Starbucks. She was a great success.

"I cannot thank you enough for your dedication and phenomenal delivery at the Teambuilding/Bikebuilding event at our National Managers Meeting. I received SO many wonderful, positive comments about Robyn's presentation. The audience felt you were very authentic, passionate and that you really understood 'Jamba'. I/we were thrilled. I suspect there will be many upcoming occasions for us to work together. I look forward to it!"
