

The Corps Group Testimonials

“Outstanding! We engaged The Corps Group to further improve the leadership capabilities of our directors and regional managers. A full day program had my team constantly engaged and learning proven practices that could be immediately applied to their areas of responsibility. This experience gave my leaders the tools to further improve execution, drive results within their facilities, and flawlessly support our rapid growth within Arizona. Hatch & his team took the time to understand our franchise model, and the demands put upon our leaders. We will continue to engage The Corps Group, because they directly support our goal of being the best within the Planet Fitness system. They provide the competitive advantage for our group, and deliver us a disproportionate rate of return for tapping into their expertise!”

“I attended the Corps Group High Performance Team Event recently. I wanted to take a moment to personally thank your team for an exceptional day filled with great tips and excitement. I especially appreciated the fact that you did your homework and studied Lowe’s and ProServices. You incorporated our lingo in your presentations so well, it seemed like you have worked with us for decades! That showed that you cared enough about our company and your own company to go the extra mile – very rare with many speakers. This certainly sets your team at a much higher level than many speakers I have heard in the past. And the energy – wow! Everyone who attended has been rejuvenated and inspired to become better at what we do. I’ve got a feeling many of the solid points you’ve shared with us will stay with us for quite some time.”

“I just wanted to say a quick but huge Thank You to both Scott and Kyle. It was undeniably an amazing presentation and everyone thoroughly enjoyed it and found value in what they presented. Me on the other hand, I feel so fortunate to have had the added opportunity of spending time with them all. You all are really something special! Finally, thank you for everything you guys have done to protect us! We do appreciate the military! Thank you again, from the bottom of my heart, you guys made this year’s conference even more successful.”

"I was VERY impressed that you studied our business, knew our Lowes terms and acronyms. All about making a connection with our team, YOU Nailed it!

Loved 'Homedeposnia'!

This was the best training group I have EVER attended!

Very effective, worthwhile experience one of the few "all day" training sessions worth the time.

I would definitely recommend your program to any company and very glad they (Lowes) decided to get out of 'the box'.

I took 4 years of management training in college. Today was the FIRST time I was taught how to lead!

Fantastic presentation-great energy. Best I have ever been to..... EVER!

Would recommend this for every Lowes employee."

Lowe's ProServices 2014 Convention Attendees

"A great program! Right on the money content wise. Interactive with the crowd and very well organized in the delivery. You will lose money, productivity and opportunity by NOT having them speak to your group. The things they teach you create more productivity, and allow you to identify better opportunities which all lead to more money at the bottom line!"

"I have had the privilege to attend several training programs put on by "Cruiser" and The Corps Group. Their knowledge, energy, and professionalism is contagious!!! I have left every one of their sessions with valuable information and processes that I can immediately utilize in my own organization. I look forward to working with Cruiser, Vixen and Hatch in the future!"

Patrick McKenna, Vice President

Nevada Heat Treating, Inc.

"Having worked with Hatch and The Corps Group, their quest for excellence and precision execution, style, approach and innovative way of presenting Strategy and High Performing Organization concepts has transformed our operations and workforce! They have helped us build an organization fully capable of thinking, planning, and executing strategy at every level!"

**P. Wallace, Manager

"The Corps Group has been an invaluable partner—they've helped us have our best Fiscal year yet!! John Borneman, Kyle Howlin and Carey Lohrenz have provided us with the best of all worlds—intelligent, defensible strategic thinking combined with tangible execution capabilities. The bottom line is that The Corps Group generates real results!
What an inspirational Teambuilding Program!!! Great analogy and

"The program has been extremely beneficial to our organization. It takes the decisive, clearly defined direction of the military, and applies it to your organizational plans. The concepts provided let you walk away with very

realistic goals and plans to execute both your daily and long term work. If you are looking for an entertaining, engaging and valuable learning experience, this is worth it. Your team will walk away motivated and excited for the next steps."

**Jennifer Blum

"Our Experience with the Corps group was extremely good. The message of fast, concise decision making and business crosschecks is very pertinent with the existing economy, and would certainly be pertinent in boom times as well. They demonstrate the concepts in the same fashion as the topic, pertinent info, not overloaded with stats, and demonstrated in a quick paced, concise presentation."
