

Craig Zablocki A/V & Room Requirements

To deliver the best possible session for your attendees, Craig will need:

Room Setup:

- Room arrangement should be theatre style, where possible.
- To get the most out of Craig's interactive presentation, seat all participants close to the front, and close together.
- Should the presentation room provide more seating than there are participants, we ask that you tape or rope off the extra seats beginning in the back of the room or auditorium.

Audio/Visual Setup:

- Craig prefers one lavalier microphone (cordless, clip-on) and one portable handheld microphone, totaling two microphones.
- If Craig's presentation is longer than one hour, please provide an easel, flip chart, and pens.
