

## **Cheryl Cran AV/Room Requirements**

Cheryl brings her own Country Men headset that plugs into a Shure Waist Pack OR please provide a Headset Microphone preferably flesh tone.

Cheryl brings her presentation loaded on her MacBook Air and uses Mac Keynote she has pre-loaded movies and music and prefers to run the presentation off her laptop. She has a back-up copy of the presentation in Drop Box. She requires audio plug in to play music and video.

Cheryl uses her own slide advancer or will sometimes use an arm band remote control to move her slides – it is wireless and connects to her laptop.

Cheryl provides a PDF of her slides as handouts and posts them to her own website with a link AND can also make them available for posting in your Intranet or APP.

The slide dimensions Cheryl uses are 16:9 unless otherwise requested by client.

LCD projector for Multi Media presentation with minimum 1600 lumens.

Preferred set up is two screens or back projection large screen.

Staging – Cheryl prefers no podium or lectern on stage. If there is one, please have lectern to the far right side of the stage with a small round table for laptop, preferably black skirted .
