

Debbie Allen Introduction

Debbie Allen has been an entrepreneur from birth ... well almost! She says she was just stubborn enough, curious enough, determined enough, and committed enough to begin building and selling million-dollar companies from a very young age.

Today, she is still a child-at-heart or an entrepreneur-at-heart ... which is often ... one in the same!

She is a bestselling author of 9 books including; *Confessions of Shameless Self-Promoters ... The Highly Paid Expert ... and Success is Easy!*

Debbie is ranked as one of the top 3% of professional business speakers worldwide, has been professional speaker for 25 years, and has presented in 28 countries.

Hmmmm, I think she just might just have something GREAT to share with us today!

Help me welcome ... Debbie Allen
