UNBELEIVABLE!

Ben's Keynote was amazing, and the survey results just scratch the surface of the positive impact he made on our attendees. Throughout the entire day, people came up to me, letting me know how awesome Ben was. Vendors who attend 20-30 events a year were telling me he was the very best they have ever experienced.

Thank You Ben. You did an amazing job with connecting with everyone at Strategic. This is the best feedback we have received in years around a keynote. Not only was it entertaining but more importantly, the entertainment all linked back to your messaging. It was very relatable and the audience went on the roller coaster ride of emotions throughout the presentation with you. Much like the roller coaster of running a business.

Thanks again for such a great job Ben!

Magic has always brought out the curious child in me—that feeling of wonder, possibility, and excitement. And that's exactly what Ben Whiting delivered at Connect25, but on a whole new level.

His keynote wasn't just magic—it was powerful storytelling, high-impact leadership insights, and jaw-dropping illusions that left us all in awe. One message that stuck with me: the 4-to-1 positive feedback to improvement ratio—a simple yet profound reminder of how we uplift and empower those around us.

And if that wasn't impressive enough, Ben delivered all of this on an asprained ankle, never missing a beat!

Highly recommend Ben for any event where you want to inspire, engage, and leave people with something truly unforgettable.

We had Ben as a main stage keynote and breakout session speaker at the National Stronger Business Summit and he absolutely stole the show in both settings. I've booked hundreds of speakers over the years in many different settings and I have to say Ben is at the top of my list in terms of audience engagement and positive feedback

post-event. If you want a speaker who can entertain as well as motivate and inspire, Ben Whiting is your guy! Feel free to reach out to me directly if you'd like to know more about my experience hiring Ben as a speaker.

- **Josh Melton, Founder, Stronger Business Summit**

Despite challenges innate to a virtual setting, Ben took my team on an incredible journey that we thoroughly enjoyed. I was personally blown away by his positive attitude and the lengths he went to personalize the session.

Thank you Ben!

Working with Ben Whiting was a dream. He listened to what we were asking for and delivered. Our conference attendees ranked him one of our highest ranked keynote speakers in many years. Engaging, inspirational, hilarious, magical – these were a few words listed in attendee evaluations. Ben was incredibly easy to work with and his team insured we had everything we needed up to the moment he went on stage.

- **CEO, Florida Recreation and Parks Association**

A room of hundreds of construction professionals is hard to impress. But after 60 minutes on stage, Ben had everyone on their feet for a standing ovation.

Ben mixes magic with his message, and it connects with the audience.

What impressed me most about Ben is how he took the time during the day to get to know our company, its culture, and the stories of our employees.

Then, he used his newfound knowledge and incorporated it into his keynote. Our employees appreciated the personalization, which made his connection to the audience more authentic.

I have hired speakers for the last several years for our annual all-company meeting. Ben is the best by far! If you want someone to captivate an audience and hold their attention with a message that sticks, I recommend Ben Whiting. He is a true professional in a class all by himself.
