# Cindy Skalicky A/V Requirements

To ensure a seamless and engaging presentation, please provide the following A/V setup:

## Essential Requirements:

✅ Wireless handheld or lavalier microphone

✅ Projector & screen for presentation slides (HDMI or USB-C connection preferred)

✅ Clicker for slide advancement

✅ Confidence monitor (if available)

✅ Strong & stable WiFi connection (for any live demonstrations)

✅ Audio connection for video playback (if slides contain multimedia)

## Stage Setup:

✅ Well-lit speaking area with space for movement

✅ Podium available (though not required)

✅ Small table for notes/water

**Backup Options:**

✅ Tech support on-site for setup and troubleshooting

✅ Backup laptop connection (Cindy will bring a USB with slides)

Please confirm these requirements in advance, and feel free to reach out with any questions.Thank you!"
