

Juan Bendana - Testimonials

SalonCentric

"Juan delivered one of the most engaging and impactful keynote experiences I've brought into a program. From the moment he took the stage, he had the full attention of our 230 top performers—balancing energy, storytelling, and actionable takeaways in a way that resonated across every level of the organization. His ability to connect personal mindset shifts to real business impact made the content both inspiring and practical. He truly elevated the entire Platinum Circle experience. If you're on the fence, bring Juan in—he is the kind of speaker who delivers both inspiration and real, usable tools your team can apply immediately. His professionalism, customization, and ability to connect with diverse audiences make him a high-value investment for any organization focused on performance, culture, and growth. Our attendees walked away with a renewed sense of ownership over their mindset, their performance, and their daily habits. Juan's "1% better every day" philosophy gave them a simple, tangible framework they can immediately apply both professionally and personally. More importantly, they left feeling energized, seen, and empowered—with a clear reminder that small, consistent actions lead to meaningful, long-term success."

Jillian Hoffner-Grinzo, CMP, Senior Manager | Certified Meeting Planner

RE/MAX

"Juan was a standout keynote speaker at our largest annual event. He was energizing, relatable, and completely in tune with our audience. His ability to combine storytelling with practical takeaways made his session both inspiring and actionable. If you're on the fence about bringing Juan in, don't be—he's the real deal. He not only delivers on stage but also takes the time to understand your audience and event goals. People walked away feeling motivated, empowered, and more confident in their ability to lead, connect, and take ownership of their growth."

Ashley McCann, Events Director

Sotheby's International

"We all needed someone to help us hit the reset button. Juan's message helped us refocus as an organization and as individuals. It helped us get back to the core of who we are. As a manager, it gave me peace of mind knowing that Juan is providing valuable information and tangible takeaways for every member of our team."

Kim Penny, Managing Broker

Smoke's Poutinerie Inc

"From the moment Juan Bendana stepped on stage at our Owners Conference, the energy in the room shifted. He immediately captured the attention of our Franchise Owners and inspired them to raise their expectations for what was possible in their restaurants, personally and professionally. As he spoke, you could feel our franchisees embracing a new level of belief in themselves and in the potential of their businesses. What made Juan's impact so meaningful was that our team didn't leave with temporary motivation—they left with a renewed sense of purpose, stronger ownership of their results, and a clear vision for the level at which they want to lead and perform. Juan's ability to inspire meaningful action is rare, and the value he brought to our group was extraordinary. I hope to use Juan again for our Franchise events."

Mark Cunningham, President & COO
