

**Michael Abrashoff Keynote:**  
**Go Deeper with Half-Day and Full-Day Programs**

Dive deep into the Leadership Roadmap with a half-day or full-day program. The sessions are most often used as a follow-on to Mike's keynote and provide attendees with powerful tools and strategies to apply in their work environment. Depending on the circumstances, these longer sessions are facilitated by a senior strategist from Mike's firm, Aegis Performance Group, or Mike himself. These sessions create an exciting interactive atmosphere where participants examine the key components of high performing leaders, teams, and organizations.
